School Sense Program – Rules & Regulations

Program Dates:

The 2008-2009 School Sense Program will begin September 2, 2008 and end on June 30, 2009.

Eligibility:

All Monmouth County public, private and parochial schools are eligible to receive school supplies through the School Sense Program, provided they meet program requirements. The administration office of each eligible school has received complete program information. Each eligible school should appoint a designated School Sense Representative.

Requirements:

Sales receipts from purchases made at Monmouth Mall (including Macy's, JCPenney, Lord & Taylor, AMC Theatre, Chili's, TGI Fridays and all other mall restaurants & eateries, Monmouth Mall gift cards and even the LukOil gas station on the mall's property) must be presented within 30 days of purchase, or by June 30, 2009, whichever date is earlier, to the Monmouth Mall Customer Service Center for validation.

When sales receipts are validated, an equivalent "point" amount will be credited to the school chosen by the receipt holder. All purchase receipts presented for validation at any one time may be credited to only one school.

Schools may accumulate points during the program time-frame above. As schools acquire the minimum number of points as designated on the official order form, the School Sense School Representative may order equipment as directed. Equipment subject to availability at time of order.

Points not redeemed by June 30, 2009 will rollover until the following school year in September 2009.

Monmouth Mall Management reserves the right to make changes to the School Sense Program and these Official Rules and Regulations at its discretion.
